

Municipality Appoints Interim CAO During Leadership Transition

August 11, 2026 – The Municipality wishes to advise the public that, effective August 6, 2026, Michelle Hendry has departed from the position of Chief Administrative Officer (CAO). Council wishes to thank Ms. Hendry for her service to the Municipality and wishes her well in the future.

To provide stability and continuity during this transition, Trilbee Stirling-Kattler will act as Interim CAO, with the support of the Municipality's Senior Management Team. Stirling-Kattler currently serves as the Municipality's Treasurer and will continue in that role while carrying out the responsibilities of Interim CAO.

Council recognizes that leadership transitions can create uncertainty for employees and members of the community. During this transition, the Municipality's priorities will remain focused on supporting staff, maintaining consistent and reliable service delivery, and ensuring the continued effective operation of municipal services.

Recruitment for a permanent Chief Administrative Officer will begin following the municipal election in October, allowing the incoming Council to participate in the selection of the Municipality's next administrative leader.

Council extends its appreciation to municipal staff for their continued commitment to serving the community and to residents for their ongoing support and confidence as the Municipality moves forward.
