Request for Proposal

Project: Water and Wastewater Operating Authority

ADDENDUM 16-2026-001

The Municipality will facilitate site tours of the municipally owned water and wastewater facilities for proponents wishing to familiarize themselves with the facilities and general site conditions. The tours will be conducted in groups on **August 25 and 26, 2026**.

Site tours will be conducted by Municipality representatives in a facilitator capacity only. The tours are intended solely to provide proponents with a general visual overview of the facilities and are not intended to provide an opportunity for detailed technical discussions or operational inquiries. Only basic questions related to the general layout and visible features of the facilities will be addressed during the tours.

Site tours will be conducted on August 25 and 26, 2026. Participating proponents shall report to the Municipality of Red Lake Municipal Office parking lot, 2 Fifth Street, Balmertown, Ontario, at 8:00 a.m. on August 25, 2026. Information regarding the tour itinerary and site access requirements will be provided at the commencement of the tour. Attendance on both days is strongly encouraged to ensure proponents have the opportunity to visit all facilities relevant to the scope of services contemplated under this RFP.

Additional information regarding the water and wastewater systems, including system descriptions, can be found in the Community Capacity Study and included with this Addendum 16-2026-001. Proponents are encouraged to review the CCDC Report prior to the site tour and in preparing their proposals.

Proponents are reminded that the RFP documents and any formal addenda issued by the Municipality constitute the official information available for preparation of proposals. No information provided verbally during a site tour will amend, supplement, or supersede the RFP documents or any issued addenda. Any information that the Municipality determines to be material to all proponents will be addressed through a formal addendum.

All proponents participating in a site tour will be provided with the same opportunity to view the facilities.

The RFP timeline has been amended to the below to provide proponents with an opportunity to submit questions following completion of the site tours.

Issue Date of RFP: July 29, 2026

Amended Deadline for Questions: September 2, 2026

Amended Deadline for Issuing Addenda: September 16, 2026

Amended Submission Deadline: October 7, 2026 at 2:00 PM Central Time

Anticipated Execution of Agreement: October 30, 2026*

**The anticipated execution date is subject to change if required to comply with the restricted acts provisions of Section 275 of the Municipal Act, 2001*
