

The Corporation of the Municipality of Red Lake

ENVIRONMENTAL SERVICES POLICY MANUAL

Subject: Supply of Sewer & Water Services	Approval Date: January 20, 2014	By-Law No. 1851-14
---	---	------------------------------

8.1 SUPPLY OF SEWER & WATER SERVICES

1. GENERAL PROVISIONS

It is Municipal policy to provide sewer and water service to as many citizens as possible, at as reasonable a cost as possible.

Provision of service will be considered on receipt of applications from residents, and authorized by agreement between the Municipality and the applicant.

Provision of sewer and water service is contingent upon the availability of funding from municipal taxes and grant assistance from the Ministry of the Environment.

All sewer and water construction, maintenance and operation will be completed to standards established by the Ministry of the Environment, and as regulated by by-law.
